GORDON'S PERMASIL CARNAUBA WAX MOLD RELEASE AGENT

FEATURES

- The wax mold release is an antirust and a lubricant. Helps in prolonging the useful life of the molds.
- Use of the wax mold release helps to maintain production efficiency and stable product quality.
- Easy to use, reduce time in releasing mold, very effective.

USAGE :

- Use the wax mold release to lubricate the mold after using the RBS-35 cleaning agent. Stand back around 0.5 meters from the mold, spray the wax mold release onto the mold.
- Frequency and dosage depends on requirements.
